

**Monthly Meeting Agenda  
June 22, 2009  
2-3pm**

**Attendees:**

Linda Green (MA), Brooks Daverman (TN), Mary vonMackenberg (TN), Jeff Aucherman (TN), Jo Porter (NH), Amy Costello (NH), Leslie Ludtke (NH), Patrick Miller (NH), Katherine Pelletreau (Maine Association of Health Plans), Annette Gabel (Medco), John Harvell (MHIC), Lalita Pulavarti (MA), Nga Vuong (MA)

**State Updates:**

TN –Legislature passed the APCD legislation; just waiting for Governor signature. The RFP process will be drafted soon; a preliminary project proposal will be reviewed this week. Brooks and Jeff expressed appreciation for all of the assistance from the states that supported TN in the process.

NH – JLCAR (rule making body in NH) adopted the new version of the administrative rules for NH. The new rules align better with MA, VT and Maine, and include the collection of dental claims. New language was added that allows carriers to submit claims from policies that were issued outside of NH for residents of NH.

Final NH rule can be found here: <http://www.nh.gov/insurance/legal/documents/ins4000fpat.pdf>

MA – Linda reported that MA is building a warehouse; almost all of the carriers have installed the submission software and the MHIC has been very helpful with the transition. Data is anticipated to be in a form available for public use by the end of July; an analyzed form will be available later this year.

MN – John Harvell reported that some data elements were removed in final rule-making like specialty doce, claims status and allowed amount; by midJuly the rule should be finalized (after determination by rules judge and Governor signature). Most payers are beginning to create extracts ahead of rule finalization.

**AHRQ contract update:**

The Minutes from the May 6 meeting at AHIP will be available soon on the RAPHIC website; notification of release will be sent to the RAPHIC distribution list.

**Next meeting: July 27 at 2:00**
